

Visitor/Vendor Yard Rules

UPS utilizes a Yard Control Program to ensure the safety of all employees and visitors. All visitors, vendors, and contractors must acknowledge receipt of UPS Yard Rules and agree to adhere to them before entering UPS property in a vehicle.

Any visitors/vendors/contractors that must perform work in the facility yard must have a reflective vest prior to entering the yard for all occupants of the vehicle, regardless of the time of day or night. If the vendor/visitor does not have a vest, one will be made available for use.

- UPS Yard Rules must be adhered to by all persons entering UPS property.
- At facilities where there is a security guard house, a Visitor's Parking Pass must be displayed in the windshield of the vehicle at all times.
- Four-way flashers must be on whenever the vehicle is moving, regardless of the time of day or night.
- Vehicles must be parked in designated areas whenever possible.
- Vendors performing tasks that require vehicle to be parked in a non-designated parking area must place an orange traffic cone(s) next to the vehicle in such a manner that makes the vehicle clearly visible to other traffic.
- Reflective vests must be worn outside the vehicle while in the yard when in non-designated walk paths or break areas, regardless of the time of day or night.
- Posted speed limits must be adhered to at all times. Unless otherwise posted, the speed limit in the yard is 15 MPH.
- Traffic patterns and signage must be adhered to at all times.
- All vehicles must yield to pedestrians in the yard.
- Seat belts must be worn whenever the vehicle is in motion on the yard.
- All vendors must ensure adherence to applicable OSHA regulations, including Powered Industrial Truck Operators while operating on UPS property.
- A cone in the yard signifies – "caution; a pedestrian is working in the area"
- Do not remove any cone unless it was placed there directly by you.

Date:

Visitor Name:

Company Name:

By signing above, the driver and occupants of the vehicle acknowledges that UPS Yard Rules have been received, reviewed, understood; and agrees to abide by them at all times.

Environment and Sustainability. Supplier recognizes that adverse effects on the community, environment and natural resources must be minimized to safeguard the health and safety of the public. To achieve this objective, Supplier shall observe and comply with all applicable environmental Laws, including, without limitation, those which relate to (i) obtaining and maintaining required environmental permits, approvals and registrations, as well as complying with applicable operational and reporting requirements; (ii) the handling, removal, transportation and disposal of hazardous materials used by Supplier; and (iii) monitoring, controlling, treating and sanitizing air emissions, waste water and solid wastes. Supplier will seek opportunities that promote the efficient use of resources and energy, as well as clean and low energy solutions.
